

iCrew and PayPal Integration Instructions

Here are instructions for integrating **iCrew** and **PayPal** to offer a fees/dues payment process that can be initiated from **iCrew**, but works with your organization's **PayPal** account to receive funds from your members.

IMPORTANT: If you're on the Premium level iCrew subscription, please follow these instructions to get **PayPal Instant Payment Notifications** (IPNs) hooked up: [PayPal IPN Instructions](#)

Step 1 – Create a Fees Item in iCrew

From the **Coach's Home Page** in **iCrew**, on the **Fees & Payments** tab, click the **New Fees Item** button.

NOTE: This is a multi-page document due to the many screen shots, so please continue on.

On the **Create Fees Item** page, enter all the information as shown below. Leave the **PayPal button or Payment URL** value blank for now. Tap the **Fee record ID** value to copy it to the clipboard.

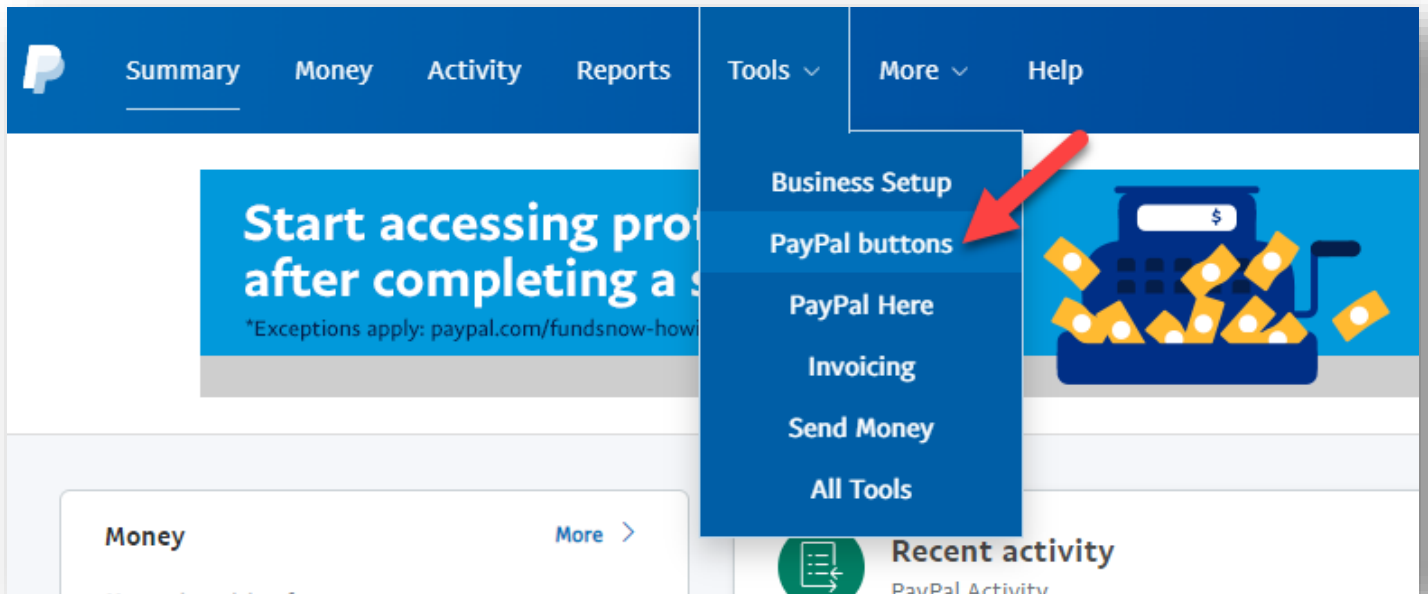

Create Fee Item

Enter the fees item information, then click the **Save** button.

*Name:	Masters Winter 2020 Training
*Description:	Winter training fee for all Masters rowers
*Amount due:	275
*Due date: 	2020-01-01
Effective start date: 	2020-01-01
Effective end date: 	2020-03-21
Multiple amount options:	<input type="checkbox"/>
Send payment reminder:	<input checked="" type="checkbox"/>
Send notification when paid:	<input type="checkbox"/>
PayPal button or Payment URL: 	
PayPal check-out target URL: 	https://www.icrew.club/pppaymentack.php?crewDoc=bd831ec6-866c-3271-1cac-e7e75ec5bdfa
Fee record ID:	bd831ec6-866c-3271-1cac-e7e75ec5bdfa 
Related doc or fees record:	(no related item) 

Step 2 – Create a Payment Button in PayPal

Time to log onto your **PayPal** account to create a payment button. After logging into your organization's **PayPal** account, select **PayPal buttons** from the **Tools** menu.

Now click anywhere on the **Buy Now** card.

NOTE: A **Subscribe** button can be used to allow your members to make monthly payments for a particular fee item.

Make a PayPal Button [View your saved buttons](#)

Which button would you like to add?

Select the one you need and we'll guide you through an easy set up.

<p>NEW FEATURES</p> <p>Smart Buttons</p> <p>Smart Payment Buttons™ give customers the option to pay with PayPal, Venmo, PayPal Credit*, and major credit cards and debit cards on almost any device.</p>	<p>NEW FEATURES</p> <p>Sell on Social</p> <p>Sell items with ease on your social media accounts. Just tell us a few details about your item, upload a photo, and you're all set.</p>	<p>Buy Now</p> <p>Make it easy to buy one or more of a single item.</p> <p>(Includes inventory tracking and item description options.)</p>	<p>Add to Cart</p> <p>Sell multiple items with one payment button.</p> <p>(Includes a View Cart button.)</p>
<p>Donate</p> <p>Accept donations and contributions on your site.</p>	<p>Subscribe</p> <p>Set up recurring charges of the same amount for your goods and services.</p>	<p>Installment Plan</p> <p>Give customers the option to pay in installments for up to one year.</p>	<p>Automatic Billing</p> <p>Bill customers for goods and services that change in price monthly.</p>

Change the button settings to match all the **items tagged** as shown here.

- The button type should be **Buy Now**
- The **Item name** and **Price** should be set appropriately for the fees item you created in iCrew.
- Paste the value from the clipboard into the **Item ID** field.
- Add a text field with a name of **Admin Info (do not change)**, then click the **Done** button.
- Tap on **Customize text or appearance** and change the button text to be **Pay Now**.

▼ Step 1: Choose a button type and enter your payment details

Select button text

Use your own button image [What's this?](#)

Your customer's view

Admin Info (do not change)

VISA   

Now go back to the **Fee Item** page in **iCrew** and tap the **PayPal check-out target URL** value to copy it to the clipboard.

PayPal check-out target URL: ?	<code>https://www.icrew.club/pppaymentack.php?crewDoc=bd831ec6-866c-3271-1cac-e7e75ec5bdfa</code>
Fee record ID:	bd831ec6-866c-3271-1cac-e7e75ec5bdfa

Back in **PayPal**, tap on the **Step 3** banner, check the **Take customers to this URL when they finish checkout** checkbox and paste in the value in the clipboard that you had copied from the fees item in iCrew. Now tap **Create Button** at the bottom of the page.

▶ Step 1: Choose a button type and enter your payment details

▶ Step 2: Track inventory, profit & loss (optional)

▼ Step 3: Customize advanced features (optional)

Customize checkout pages

If you are an advanced user, you can customize checkout pages for your customers, streamline checkout, and more in this section.

Do you want to let your customer change order quantities?

Yes
 No

Can your customer add special instructions in a message to you?

Yes
Name of message box (40-character limit)

 No

Do you need your customer's shipping address?

Yes
 No

Take customers to this URL when they cancel their checkout

Example: `https://www.mystore.com/cancel`

Take customers to this URL when they finish checkout

Example: `https://www.mystore.com/success`

Advanced variables [What's this?](#)

Step 3 – Copy the Button’s HTML Code Back into the Fees Item in iCrew

You’ve now created a payment button in **PayPal**. Time to get the button code over into iCrew.

Tap the **Select Code** button, then copy the HTML code into the clipboard (right-click, Copy or Ctrl-C).

Add your button code to your webpage

You just created customized HTML code for your button. The final step is to copy the code from this page and paste it into your website editor.

Copy the button code:

1. Click **Select Code**.
2. Right-click and copy the selected code.

If you're working with a website developer, you can paste the button code into an email and send it to your developer now.

Paste the button code in your website editor:

The code must be pasted in the "code" view, where you can view and edit HTML.

1. In your website editor or admin page, open the page where you want to add your button.
2. Look for an option to view or edit HTML.
3. Find the section of the page where you want your button to appear.
4. Right-click and paste your button code into the HTML.
5. Save and publish the page. (The preview function in your editor may not display the button code correctly.)
6. Test the button to make sure it links to a PayPal payment page.

Payment Flow

Here is the flow when a member makes a payment. When they initiate payment, the **PayPal** button is presented to them in **iCrew** as shown below. Once they click on the **Pay Now** button, they will be taken over to PayPal where they complete the payment process.

Make a Payment

Return to Merchant

Clicking the **Return to Merchant** button will take the member back into **iCrew** where the pending payment will get marked immediately as PAID. The member will see an acknowledgement as shown here.

Organization: MBC

PayPal Payment Acknowledgement

Thanks for your payment of 2.00 for Masters401 fee: Head of the Lake.

Close

NOTE: You will still want to import the payments from a PayPal export on a regular basis since you'll likely get some members not clicking the **Return to Merchant** button. But hopefully, most payments will get marked as paid in iCrew immediately.
